February 10, 2023

IMPORTANT TAX INFORMATION

To Unit Holders:

The following material provides Unit holders with information necessary to compute the 2022 federal income tax consequences of owning Units:

- (a) Grantor Trust Schedule A for 2022;
- (b) Information and Instructions for Schedule A, and Supplemental Tax Tables including Table VII for Percentage Depletion; and
- (c) Instructions, Supplemental Tax Table VIII and Worksheet for Cost Depletion.

Unit holders are encouraged to read all of the material very carefully and to retain it as part of their tax records. The information and instructions contained herein are designed to assist Unit holders who are U.S. citizens in complying with their federal and state income tax reporting requirements and should not be construed as tax advice to any specific Unit holder. Unit holders should also consult any Internal Revenue Service ("IRS") Forms 1099 and written tax statements issued by certain middlemen (discussed in more detail on pages 4 and 5) that hold Trust Units on their behalf.

Unit holders will need to determine the following information from their records:

- Number of Units held in 2022 as of each monthly Record Date (the last business day of each month);
- Original basis (the total purchase price of the Units including any commissions paid);
- Dates Units were acquired or sold; and
- Amount of depletion allowed or allowable in prior years.

All Unit holders must compute their depletion deduction for federal tax reporting purposes. See "Computation of Depletion" on page 5 of the attached instructions. For your convenience, simple income/expense and cost depletion calculators are available on the home page and in the tax information section of the PermRock Royalty Trust website www.permrock.com.

Each Unit holder should consult his or her own tax adviser regarding tax compliance matters relating to his or her Units.

Argent Trust Company, Trustee

I.

FEDERAL INCOME TAX INFORMATION

1. Reporting of Income and Deductions.

- (a) Direct Ownership Reporting. The PermRock Royalty Trust (the "Trust") is a grantor trust for federal income tax purposes. Each Unit holder of the Trust is taxable on his pro rata share of the income and expenses of the Trust as if he were the direct owner of a pro rata share of the Trust income and assets. Thus, the taxable year for reporting a Unit holder's share of the Trust's income and expense is determined by his or her taxable year and his or her method of accounting, not by the taxable year and method of accounting of the Trust. Therefore, a cash method Unit holder should report his pro rata share of income or expense received or paid by the Trust during his tax year. An accrual method Unit holder should report his pro rata share of income or expense accrued by the Trust during his tax year. Because the Trust is a grantor trust for federal income tax purposes, proper classification of Trust income and expense will be dependent upon the relevant facts and circumstances of each Unit holder. Accordingly, Unit holders should consult their own tax advisors regarding all tax compliance matters related to the Units.
- (b) Taxable Year.
 - Unit holders owning Units through a broker or nominee who report on a calendar year basis and who have owned the same number of Units throughout such calendar year should refer to Schedule A on page 2.
 - Unit holders who purchased or sold Units in the calendar year should refer to the information on pages 11 through 15.
 - Unit holders who report on the basis of a fiscal year other than the calendar year may contact the Trustee for further information.
- (c) Types and Reporting of Trust Income and Deductions. The Trust holds a net overriding royalty in oil and gas properties (the "Royalty"). In general, the net overriding royalty income is computed monthly based on proceeds realized in the preceding month by the owner of the interests burdened by the Royalty from oil and gas produced in an earlier month, less applicable costs and expenses. Such net overriding royalty income is received by the Trustee on the last day of the monthly period.
 - (i) *Gross Income*. The gross amount of net overriding royalty income received by the Trust from the Royalty during the period is reported on a per-Unit basis in Part I, Schedule A.
 - (ii) *Severance Tax.* Severance tax paid by the Trust during the period covered is reported on a per-Unit basis in Part I, Schedule A.
 - (iii) *Interest Income*. Interest income received by the Trustee during the period covered is reported on a per-Unit basis in Part II, Schedule A.
 - (iv) *Administration Expenses*. Administration expenses are paid on the last day of the month in which they were incurred. The amount incurred and paid during such period is reported on a per-Unit basis in Part II, Schedule A.
 - (v) Salt water disposal income is reported on a per-Unit basis in Part II, Schedule A.
 - (vi) Proceeds from divestitures are reported on a per-Unit basis in Part II, Schedule A.
- (d) Unit Multiplication. For the convenience of Unit holders who acquired or sold Units during 2022, Tables I through VIII are enclosed to assist in the computation of gross royalty income, severance tax, interest income, administration expenses, salt water disposal income, and proceeds from divestiture. These tables are only for those Unit holders who have a calendar year as their taxable year. Because Schedule A and Tables I VIII show results only on a per-Unit basis, each Unit holder must determine the aggregate amounts for all Units held by him to obtain the amounts to report on his tax return. Each Unit holder should multiply the gross royalty income and severance tax shown in Part I and the items in Part II by the number of Units owned by him during the applicable period. Income and deductions (other than depletion) may be computed directly from Schedule A or the appropriate tables. Depletion per Unit must be computed as provided in paragraph 2 below.

(e) *Individual Taxpayers*. For Unit holders who hold the Units as an investment and who are required to file Form 1040 for 2022, it is suggested that the items of income and deduction computed from Schedule A or the appropriate tables be reported in the following manner:

Item	Form 1040
Gross Royalty Income	Line 4, Part I, Schedule E
Depletion	Line 18, Part I, Schedule E
Severance Tax	Line 16, Part I, Schedule E
Interest Income	Line 1, Part I, Schedule B
Administration Expenses Salt Water Disposal Income Proceeds from Divestitures	Line 19, Part I, Schedule E Line 4, Part I, Schedule E Part II, Form 8949

On pages 6 through 9, we have reproduced Schedules B and E of Form 1040 and Form 8949 and identified the specific location of each item of income and expense listed above.

- (f) Nominee Reporting. Nominees and brokers should report the distributions from the Trust as royalty income on Form 1099-MISC. The taxable amount before depletion should be reported in accordance with Schedule A or Tables I through VIII. In years when there are no reconciling items, the net taxable income before depletion (see instruction 2) will equal the cash distributions from the Trust. See also Subsection (g) below for additional information relating to Units held by nominees, brokers and other middlemen.
- (g) WHFIT Information. The Trustee assumes that Trust Units are held by middlemen, as such term is broadly defined in U.S. Treasury Regulations (and includes custodians, nominees, certain joint owners, and brokers holding an interest for a customer in street name, referred to herein collectively as "middlemen"). Therefore, the Trust is considered to be a widely held fixed investment trust ("WHFIT") classified as a non-mortgage widely held fixed investment trust for U.S. federal income tax purposes. Argent Trust Company, EIN: 62-1437218, 2911 Turtle Creek Blvd., Suite 850, Dallas, TX 75219, telephone number (855) 588-7839, email trustee@permrock.com, is the representative of the Trust that will provide tax information in accordance with the applicable U.S. Treasury Regulations governing the information reporting requirements of the Trust as a WHFIT. Tax information is also posted by the Trustee at www.permrock.com.
- (h) Divestiture Properties. During 2022, Boaz Energy II, LLC, the owner of the working interests in properties underlying the Trust, entered into two separate term lease assignment agreements (each an "Assignment") to divest property interests in oil and gas constituting part of the properties underlying the Trust for the term of each such Assignment (the "Divestiture Properties"). The Divestiture Properties included deep interests in leases located in Stonewall County, Texas and Glasscock County, Texas. The Trust released its net profits interest in the Divestiture Properties. No proved reserves were associated with the Divestiture Properties. The proceeds from the divestitures are reported on Schedule A in part II. Proceeds from the sales of the Divestiture Properties included in calculating the Trust's net profits in May 2022 amounted to \$361,815, or \$0.029740 per Trust Unit. Proceeds from the sales of the Divestiture Properties included to \$510,494, or \$0.041961 per Trust Unit.

Gain or loss is computed under the usual tax principles as the difference between the sales proceeds and the adjusted basis of the properties sold. The adjusted basis of a property sold is the original cost or other basis of the property reduced by any depletion allowed or allowable. The amount of gain, if any, realized upon the disposition of an oil and gas property is treated as ordinary income to the extent of the depletion previously claimed with respect to such property which reduced the taxpayer's basis in the property. The balance of any gain or any loss will be a capital gain or loss if such property was held by the Unit holder as a capital asset – either long-term, if held more than 12 months, or short-term if held less than 12 months. As no proved reserves were associated with the Divestiture Properties, no tax basis should be written off as part of this sale. An example Form 8949 has been provided to assist Unit holders in reporting their gain from the Divestiture Properties.

Notwithstanding the foregoing, the middlemen holding Trust Units on behalf of Unit holders, and not the Trustee of the Trust, are solely responsible for complying with information reporting requirements under the U.S. Treasury Regulations with respect to such Trust Units, including the issuance of IRS Form 1099 and certain written tax statements. Unit holders whose Trust Units are held by middlemen should consult with such middlemen regarding the information that will be reported to them by the middlemen with respect to the Trust Units.

- 2. Computation of Depletion. Each Unit holder's allowable depletion is the greater of cost depletion or percentage depletion with respect to the Royalty.
 - (a) *Percentage Depletion*. Each Unit holder should separately compute both percentage depletion and cost depletion and claim the greater of the two amounts as a deduction on his or her income tax return. Unlike cost depletion, the allowance for percentage depletion continues to be deductible after the Unit holder's tax basis is reduced to zero.

If available, percentage depletion is equal to 15% of the gross income attributable to a royalty, limited to 100% of the net income from such royalty. The amount of percentage depletion should then be compared to the amount of cost depletion calculated using instructions in Subsection (b) of this Paragraph 2. The greater of cost depletion or percentage depletion is the deduction to be taken on the Unit holder's income tax return. The worksheet and instructions provided on pages 15-16 assume a Unit holder will take the cost depletion deduction. Some Unit holders may be entitled to a percentage depletion deduction in lieu of a cost depletion deduction, in which case Table VII (on page 14) should be used to compute such Unit holder's depletion deduction.

(b) *Cost Depletion.* To compute cost depletion, each Unit holder should multiply his tax basis in the Royalty (reduced by the aggregate prior years' depletion, if any) by the factor indicated in Part I, which factor was obtained by dividing the quantity produced and sold during the period by the estimated quantity of reserves at the beginning of the year.

A Cost Depletion Worksheet is enclosed to assist Unit holders in computing their cost depletion deduction. The Worksheet is divided into two parts. Part A pertains to Units that were held the entire calendar year, and Part B pertains to Units that were acquired or sold during 2022. Unit holders who use Part B should obtain their cost depletion factors for their applicable period of ownership in 2022 from Table VIII. Notes are contained in the Specific Instructions for Cost Depletion Worksheet to explain certain aspects of the depletion calculation.

For your convenience, a simple cost depletion calculator is available on the PermRock Royalty Trust website at: www.permrock.com.

Individual Unit Holder's Specific Location of Interest Income on Schedule B

Individual Unit Holder's Specific Location of Income Expense on Schedule E

Individual Unit Holder's Specific Location of Interest Income on Form 8949

8949	Sales and Other Dispositions of Capital Assets	OMB No. 1545-0074
Form UJ4J	Sales and Other Dispositions of Capital Assets	
	Go to www.irs.gov/Form8949 for instructions and the latest information.	2022
Department of the Treasury Internal Revenue Service	File with your Schedule D to list your transactions for lines 1b, 2, 3, 8b, 9, and 10 of Schedule D.	Attachment Sequence No. 12A

Name(s) shown on return

Sequence No. 12A Social security number or taxpayer identification number

Before you check Box A, B, or C below, see whether you received any Form(s) 1099-B or substitute statement(s) from your broker. A substitute statement will have the same information as Form 1099-B. Either will show whether your basis (usually your cost) was reported to the IRS by your broker and may even tell you which box to check.

Part I Short-Term. Transactions involving capital assets you held 1 year or less are generally short-term (see instructions). For long-term transactions, see page 2.

Note: You may aggregate all short-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS and for which no adjustments or codes are required. Enter the totals directly on Schedule D, line 1a; you aren't required to report these transactions on Form 8949 (see instructions).

You must check Box A, B, or C below. Check only one box. If more than one box applies for your short-term transactions, complete a separate Form 8949, page 1, for each applicable box. If you have more short-term transactions than will fit on this page for one or more of the boxes, complete as many forms with the same box checked as you need.

(A) Short-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS (see Note above)

(B) Short-term transactions reported on Form(s) 1099-B showing basis wasn't reported to the IRS

C) Short-term transactions not reported to you on Form 1099-B

- **3.** Reconciliation of Net Income and Cash Distributions. The difference, if any, between the per-Unit taxable income for a period and the per-Unit cash distributions, if any, reported for such period is attributable to adjustments in Part III, Line 2, labeled Reconciling Items. The Reconciling Items consist of:
 - (i) items that reduce cash distributions but are not currently deductible, such as increases in cash reserves established by the Trustee for the payment of future expenditures and capital items, and
 - (ii) items that increase cash distributions but do not constitute taxable income, such as reductions in previously established cash reserves.

In 2022, there were no increases to the cash reserve maintained by the Trust. Thus, there are no Reconciling Items for 2022.

- 4. Adjustments to Basis. Each Unit holder should reduce his tax basis in the Royalty and in his units by the amount of depletion allowable with respect to the Royalty.
- 5. Federal Income Tax Reporting of Units Sold. The sale, exchange, or other disposition of a Unit generally is a taxable transaction for federal income tax purposes. Gain or loss is computed under general tax principles as the difference between the selling price and the adjusted basis of the Unit. The adjusted basis in a Unit is the original cost or other basis of the Unit reduced (but not below zero) by any depletion that reduced the adjusted basis of the interest in the Royalty represented by such Unit. The depletion recapture amount is an amount equal to the lesser of (i) the gain on such sale attributable to the disposition of the Royalty or (ii) the sum of the prior depletion deductions taken with respect to the Royalty (but not in excess of the initial basis of such Units allocated to the Royalty). The remaining gain or any loss from the disposition of a Unit will be a capital gain or loss if such Unit was held by the Unit holder as a capital asset. The capital gain or loss will be long-term, if held more than 12 months, or short-term, if held for 12 months or less. Unit holders should consult their tax advisors for further information.
- 6. **Portfolio Income**. Royalty Income is generally considered portfolio income under the passive activity loss rules enacted by the Tax Reform Act of 1986. Therefore, it appears that Unit holders should not treat the taxable income from the Trust as passive activity income in determining net passive activity income or loss. Unit holders should consult their tax advisers for further information.
- 7. Unrelated Business Taxable Income. In general, royalty income is not taxable as unrelated business taxable income. However, certain organizations that are generally exempt from federal income tax under IRC Section 501 are subject to tax on certain types of business income defined in IRC Section 512 as unrelated business taxable income. The income of the Trust should not be unrelated business taxable income to such organizations, so long as the Trust Units are not "debt-financed property" within the meaning of IRC Section 514(b). In general, a Trust Unit would be debt-financed property if the Trust Unit holder incurs debt to acquire a Trust Unit or otherwise incurs or maintains a debt that would not have been incurred or maintained if the Trust Unit had not been acquired.
- 8. Backup Withholding. A payor is required under specified circumstances to withhold tax at the rate of 24 percent on "reportable interest or dividend payments" and "other reportable payments" (including certain oil and gas royalty payments). Generally, this "backup withholding" is required on payments if the payee has failed to furnish the payor a taxpayer identification number or if the payor is notified by the Secretary of the Treasury to withhold taxes on such payments with respect to the payee. Amounts withheld by payors pursuant to the backup withholding provisions are remitted to the IRS and are considered a credit against the payee's federal income tax liability. If the payee does not incur a federal income tax liability for the year in which the taxes are withheld, the payee will be required to file the appropriate income tax return to claim a refund of the taxes withheld.

Unit holders, other than foreign taxpayers, who have had amounts withheld in 2022 pursuant to the federal backup withholding provisions should have received a Form 1099-MISC from their broker or middleman. The Form 1099-MISC reflects the total federal income tax withheld from distributions. Unlike other Forms 1099 that you may receive, the amount reported on the Form 1099-MISC received relative to the Trust should not be included as additional income in computing taxable income, as such amount is already included in the per-Unit income items on the income and expense schedules included herein. The federal income tax withheld, as reported on the Form 1099-MISC, should be considered as a credit by the Unit holder in computing any federal income tax liability. Individual Unit holders should include the amount of backup withholding in the "Payments" section of the Unit holder's 2022 Form 1040.

9. Investment Income Tax. IRC Section 1411 imposes a 3.8% Medicare tax on certain investment income earned by individuals, estates, and trusts. For these purposes, investment income generally will include a Unit holder's allocable share of the Trust's interest and royalty income plus the gain recognized from a sale of Trust Units. In the case of an individual, the tax is imposed on the lesser of (i) the individual's net investment income from all investments, or (ii) the amount by which the individual's modified adjusted gross income exceeds specified threshold levels depending on such individual's federal income tax filing status (\$250,000 for married persons filing a joint return and \$200,000 in most other cases). In the case of an estate or trust, the tax is imposed on the lesser of (i) undistributed net investment income, or (ii) the excess adjusted gross income over the dollar amount at which the highest income tax bracket applicable to an estate or trust begins (\$13,450 for 2022).

II.

STATE TAX RETURNS

All revenues from the Trust are from sources within Texas, which has no individual income tax. Texas imposes a franchise tax at a rate of 0.75% on gross revenues less certain deductions, as specifically set forth in the Texas franchise tax statutes. Entities subject to tax generally include trusts and most other types of entities having limited liability protection, unless otherwise exempt. Trusts that receive at least 90% of their federal gross income from designated passive sources, including royalties from mineral properties and other non-operated mineral interest income, and do not receive more than 10% of their income from operating an active trade or business, generally are exempt from the Texas franchise tax as "passive entities." The Trust has been and expects to continue to be exempt from Texas franchise tax as a passive entity. Because the Trust should be exempt from Texas franchise tax at the Trust level as a passive entity, each Unit holder that is a taxable entity under the Texas franchise tax generally will be required to include its portion of Trust revenues in its own Texas franchise tax computation. This revenue is sourced to Texas under provisions of the Texas. Administrative Code providing that such income is sourced according to the principal place of business of the Trust, which is Texas.

Unit holders should consult their own tax advisors concerning all Texas tax compliance matters relating to the Units.

III.

CERTAIN FEDERAL INCOME TAX MATTERS

Under current law (i) the Trust should be treated as a grantor trust for federal income tax purposes, and the income of the Trust should be taxable to the Unit holders as if amounts owed or paid to the Trust were owed or paid directly to the Unit holders pro rata; and (ii) each Unit holder should be entitled to depletion deductions equal to the greater of cost depletion based on his basis in the Units or (under certain circumstances) percentage depletion. The IRS has issued private letter rulings and technical advice memoranda indicating that royalty trusts similar to the Trust are taxable as grantor trusts. However, no rulings have been issued to the Trust and private letter rulings issued to other taxpayers do not bind the IRS in connection with the Trust. Hence, there can be no assurance that the IRS will not challenge this treatment.

THE INFORMATION AND INSTRUCTIONS CONTAINED IN THIS BOOKLET ARE DESIGNED TO ASSIST UNIT HOLDERS WHO ARE U.S. CITIZENS IN COMPLYING WITH THEIR FEDERAL INCOME TAX AND TEXAS STATE TAX REPORTING REQUIREMENTS BASED ON THE TREATMENT OF THE TRUST AS A GRANTOR TRUST AND SHOULD NOT BE CONSTRUED AS TAX ADVICE TO ANY SPECIFIC UNIT HOLDER. A UNIT HOLDER SHOULD CONSULT THE UNIT HOLDER'S OWN TAX ADVISER REGARDING ALL TAX COMPLIANCE MATTERS RELATING TO SUCH UNIT HOLDER'S UNITS.

IV.

SUPPLEMENTAL TAX TABLES AND WORKSHEET

For calendar-year Unit holders who acquired, sold or exchanged Units during 2022, Supplemental Tax Tables I-VIII should be used to compute income, expenses, and if applicable, percentage depletion. Unit holders who have a taxable year other than December 31 should contact the Trustee by email at trustee@permrock.com. Unit holders who have held the same number of Units the entire year and report on the calendar year should use Schedule A on page 2 of this booklet.

To assist all Unit holders in calculating their cost depletion deduction, Table VIII and the Cost Depletion Worksheet are provided on pages 15 and 16. Notes are contained in the Specific Instructions for Cost Depletion Worksheet to explain and assist in calculating a Unit holder's cost depletion deduction. This worksheet assumes a Unit holder will take the cost depletion deduction. Some Unit holders may be entitled to a percentage depletion deduction in lieu of a cost depletion deduction, in which case Table VII should be used to compute such Unit holder's depletion deduction.

Note: Simple income/expense and cost depletion calculators are posted on the PermRock Royalty Trust website: www.Permrock.com

EXAMPLE:

A brief example to illustrate the computation of the income, expenses, and depletion deduction may be helpful. Assume a Unit holder purchased 1,000 Units for \$8,650 (the holder's basis) on May 10, 2022, and sold these Units on November 14, 2022. For these Units the Unit holder received cash distributions for May through October; therefore, the income, expenses, and depletion deduction attributable to these Units will be for this same period.

To use each table (I-VIII) for this example, a Unit holder should go down the left-hand column to the specific month when the Units were purchased and then across the page to the column which corresponds to the month or record date for which the last cash distribution was received. In the above example, the Unit holder should go down the left-hand column to the fifth line (May) and across the page to the column titled October. **This procedure would be repeated on each of the nine tables. The income, expense and depletion deduction calculations for the above example are summarized below:**

EXAMPLE – FOR ILLUSTRATION ONLY AMOUNT DESCRIPTION TABLE PER UNIT Х UNITS OR BASIS AMOUNT \$ Ξ Ι 0.620012 Gross Royalty Income Х 1,000 Units = \$620.00 Interest Income Π 0.000689 1,000 Units х = 0.68 Salt Water Disposal Income III 0.003255 Х 1,000 Units = 3.25 IV Proceeds from Divestiture 0.041962 41.96 х 1,000 Units = Severance Tax V 0.056369 1,000 Units 56.36 Х = Administration Expense VI 0.039219 1,000 Units 39.21 Х = Percentage Depletion * VII 0.093002 1,000 Units 93.00 Х = Cost Depletion ** VIII 0.011613 \$8,650 Basis 100.45 х =

* Percentage Depletion may be claimed if greater than Cost Depletion. The Unit holder should compute both percentage depletion and cost depletion and claim the larger amount. Taxpayers should consult their tax advisors regarding deductibility of percentage depletion.

** See Specific Instructions for Cost Depletion Worksheet on page 15 and the Cost Depletion Worksheet on page 16.

Specific Instructions for Cost Depletion Worksheet

Note 1: The original basis of your Units must be determined from your records and generally will be the amount paid for the Units, including broker's commissions. However, there could be other taxable events that cause the original basis to be revised. For example, the original basis of Units passing through an estate will generally be changed to reflect the fair market value of the Units on the date of death. The original basis should be entered in each blank of the first column of the Cost Depletion Worksheet. Please consult your tax adviser concerning your original basis.

Note 2: For your convenience, a simple cost depletion calculator is now available on the PermRock Trust website at: www.permrock.com.

Note 3: When Units are acquired, sold or exchanged during the year, the cost depletion factor for each Royalty is calculated using one of the following procedures:

(a) UNITS ACQUIRED AND SOLD DURING 2022.

Example: A Unit holder acquired Units in July 2022, and sold them in September 2022. To calculate cost depletion for 2022, the Unit holder would use the cost depletion factor for July through August 2022 for each such Royalty obtained from Table VIII. For example, using Table VIII the factor would be \$0.003433.

(b) UNITS ACQUIRED DURING 2022 AND STILL OWNED AT THE END OF 2022.

Example: A Unit holder acquired Units on May 20, 2022, and still owned them at the end of the year. To calculate his cost depletion for 2022, the Unit holder would use the cost depletion factor for May through December obtained from Table VIII. For example, using Table VIII the factor would be \$0.015649.

2022 Cost Depletion Worksheet

The following may help you calculate your cost depletion to be reported on your federal income tax return.

For your convenience, a cost depletion calculator is available on the PermRock Royalty Trust website: www.permrock.com

A. If you owned the Units since January 1, 2022, your cost depletion would be calculated as follows:

	Original Basis (Note 1)	_	Cost Depletion Allowed or Allowable in Prior Years	=	Original Basis Less Cost Depletion Allowed or Allowable in Prior Years	X	Cost Depletion Factor	=	Cost Depletion
PermRock Royalty Trust		_		=		Х	0.023110	=	

B. If you *sold* or *acquired* Units *during the year*, your cost depletion for the portion of the year the Units were held would be calculated as follows:

Notes 1 and 3 are contained in the Specific Instructions for Cost Depletion Worksheet on page 15

2022
