News Release

PermRock Royalty Trust Declares Monthly Cash Distribution

DALLAS, Texas, November 17, 2025 – PermRock Royalty Trust (NYSE:PRT) (the “Trust”) today declared a monthly cash distribution to record holders of its trust units representing beneficial interests in the Trust (“Trust Units”) as of November 28, 2025, and payable on December 12, 2025, in the amount of \$350,855.06 (\$0.028839 per Trust Unit), based principally upon production during the month of September 2025.

The following table displays underlying oil and natural gas sales volumes and average received wellhead prices attributable to the current and prior month net profits interest calculations:

	Underlying Sales Volumes				Average Price	
	Oil		Natural Gas		Oil	Natural Gas
	Bbls	Bbls/D	Mcf	Mcf/D	(per Bbl)	(per Mcf)
Current Month	18,078	603	19,135	638	\$62.03	\$2.51
Prior Month	22,490	725	25,914	836	\$58.06	\$2.31

Oil cash receipts for the properties underlying the Trust totaled \$1.12 million for the current month, a decrease of \$0.18 million from the prior month’s distribution period. This decrease was primarily due to a decrease in oil sales volumes.

Natural gas cash receipts for the properties underlying the Trust totaled \$0.05 million for the current month, a decrease of \$0.01 million from the prior month’s distribution period. This decrease was primarily due to a decrease in natural gas sales volumes.

Total direct operating expenses, including marketing, lease operating expenses, and workover expenses, were \$0.48 million, a decrease of \$0.13 million from the prior month’s distribution period. T2S Permian Acquisition II LLC (“T2S”) informed the Trust that this decrease was related to a decision to curtail workover projects in response to the market. Severance and ad valorem taxes included in this month’s net profits calculation were \$0.12 million. There was a \$1,113 credit in net capital expenditures this month. T2S informed the Trust that the net credit was the result of capital expenditures that were more than offset by credits of invoices from a third-party operator.

T2S informed the Trust that this month’s net profits calculation included the application of \$0.05 million net to the Trust of funds previously reserved by T2S to cover capital obligations and expenses.

About PermRock Royalty Trust

PermRock Royalty Trust is a Delaware statutory trust formed to own a net profits interest representing the right to receive 80% of the net profits from the sale of oil and natural gas production from certain properties owned and operated by T2S in the Permian Basin of West Texas. Cautionary Statement Concerning Forward-Looking Statements

Certain statements contained in this press release constitute “forward-looking statements.” These forward-looking statements represent the Trust’s and T2S’s expectations or beliefs concerning future events, and it is possible that the results described in this press release will not be achieved. These forward-looking statements include the amount and date of any anticipated distribution to unitholders, future cash retentions, advancements or recoupments from distributions, and statements regarding T2S’s operations and the resulting impact on the computation of the Trust’s net profits. The amount of cash received or expected to be received by the Trust (and its ability to pay distributions) has been and will continue to be directly affected by volatility in commodity prices and oversupply. Other important factors that could cause actual results to differ materially from those projected in the forward-looking statements include expenses of the Trust and reserves for anticipated future expenses, uncertainties in estimating the cost of drilling activities and risks associated with drilling and operating oil and natural gas wells.

Any forward-looking statement speaks only as of the date on which it is made, and, except as required by law, the Trust does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. New factors emerge from time to time, and it is not possible for the Trust to predict all such factors. When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in the Trust’s Annual Report on Form 10-K filed with the SEC on March 31, 2025, and other public filings filed with the SEC. The risk factors and other factors noted in the Trust's public filings with the SEC could cause its actual results to differ materially from those contained in any forward-looking statement. The Trust’s filed reports are or will be available over the Internet at the SEC’s website at <http://www.sec.gov>.
