PermRock Royalty Trust Declares Monthly Cash Distribution

DALLAS, Texas, February 17, 2026 – PermRock Royalty Trust (NYSE:PRT) (the “Trust”) today declared a monthly cash distribution to record holders of its trust units representing beneficial interests in the Trust (“Trust Units”) as of February 27, 2026, and payable on March 13, 2026, in the amount of \$131,772.12 (\$0.010831 per Trust Unit), based principally upon production during the month of December 2025.

The following table displays underlying oil and natural gas sales volumes and average received wellhead prices attributable to the current and prior month net profits interest calculations:

| | Underlying Sales Volumes | | | | Average Price | |
|---------------|--------------------------|--------|-------------|-------|---------------|-------------|
| | Oil | | Natural Gas | | Oil | Natural Gas |
| | Bbls | Bbls/D | Mcf | Mcf/D | (per Bbl) | (per Mcf) |
| Current Month | 16,605 | 536 | 12,459 | 402 | \$56.95 | \$2.68 |
| Prior Month | 15,857 | 529 | 14,637 | 488 | \$57.51 | \$2.20 |

Oil cash receipts for the properties underlying the Trust totaled \$0.95 million for the current month, an increase of \$0.04 million from the prior month’s distribution period. T2S Permian Acquisition II LLC (“T2S”) informed the Trust that this increase was primarily due to an increase in oil sales volumes.

Natural gas cash receipts for the properties underlying the Trust totaled \$0.03 million for the current month, essentially unchanged from the prior month’s distribution period. T2S informed the Trust that this was primarily due to a decrease in natural gas sales volumes that was only partially offset by the increase in natural gas prices.

Total direct operating expenses, including marketing, lease operating expenses, and workover expenses, were \$0.47 million, an increase of \$0.06 million from the prior month’s distribution period. T2S informed the Trust that this increase was primarily due to an increase in lease operating expenses.

Severance and ad valorem taxes included in this month’s net profits calculation were \$0.08 million, an increase of \$0.05 million from the prior month’s distribution period. T2S informed the Trust that this increase was primarily due to the application of a credit of ad valorem tax amounts in the prior month’s distribution period.

T2S reported there were no capital expenditures this month due to completion of all drilling commenced in 2025.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements contained in this press release constitute “forward-looking statements.” These forward-looking statements represent the Trust’s and T2S’s expectations or beliefs concerning future events, and it is possible that the results described in this press release will not be achieved. These forward-looking statements include the amount and date of any anticipated distribution to unitholders, future cash retentions, advancements or recoupments from distributions, and statements regarding T2S’s operations and the resulting impact on the computation of the Trust’s net profits. The amount of cash received or expected to be received by the Trust (and its ability to pay distributions) has been and will continue to be directly affected by volatility in commodity prices and oversupply. Other important factors that could cause actual results to differ materially from those projected in the forward-looking statements include expenses of the Trust and reserves for anticipated future expenses, uncertainties in estimating the cost of drilling activities and risks associated with drilling and operating oil and natural gas wells.

Any forward-looking statement speaks only as of the date on which it is made, and, except as required by law, the Trust does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. New factors emerge from time to time, and it is not possible for the Trust to predict all such factors. When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in the Trust’s Annual Report on Form 10-K filed with the SEC on March 31, 2025, and other public filings filed with the SEC. The risk factors and other factors noted in the Trust’s public filings with the SEC could cause its actual results to differ materially from those contained in any forward-looking statement. The Trust’s filed reports are or will be available over the Internet at the SEC’s website at <http://www.sec.gov>.
